Thanks for sharing the screenshot, Ashish! Here's a polished and professional **LinkedIn newsletter post caption** for your article:

🚀 *DataTalks: SQL Edition* – **Newsletter Launched!**

📢 Presenting **Edition 01 – Day 01** of my brand-new SQL newsletter!

🔍 **Topic:** SQL Basics (Beginner Level) In this edition, I cover foundational SQL topics with real examples and practical clarity:

✔ What is SQL (DDL, DML, DCL, TCL) ✔ Data Types (int, varchar, date, boolean…) ✔ SELECT, FROM, WHERE Clauses ✔ Filtering with AND, OR, NOT, IN, BETWEEN, LIKE ✔ ORDER BY for Sorting ✔ Using Aliases (AS) ✔ NULL Handling: IS NULL, COALESCE, IFNULL

🧠 Perfect for:

- Beginners starting with SQL
- Interview preparation
- Data Engineering & Analytics learners

👉 **Read Edition 01** *(Insert article link once published)* 🔔 Don't forget to **subscribe** to stay updated with hands-on SQL insights, one edition at a time.

Let's learn together, one query at a time! 💡 — Ashish Zope
